- ☐ The working procedures are our guide, their correct application and continuous improvement, lead us to quality.
- ☐ The use of qualified materials, equipment and personnel will result in quality products.

Products

- Pressure vessels
- Storage tanks
- Filtration tanks
- Heat exchangers
- Air filters
- Ducts & connections
- Industrial Fans
- Expansion joints
- Screw Conveyors
- Silos
- Piping and connections
- Torispherical heads
- Heavy and semi-heavy structure

Equipment

Equipment

- **Cranes.** 2- 10 tons Overhead Bridge Cranes.
- **Cutting.** 2 - plasma and 6 oxy equipment semiautomatic and manual.
- **Welding.** 8- Semiautomatic TIG / MIG 300 amps.
- **Bending.** 250 tons hydraulic press, Capability; steel plates up to 2" in thickness and pipes until 6" diameter.
- **Flanger.** For the fabrication of Toriespherical Heads from 24" to 120" diameter, in carbon and stainless steel up to 3/8" in thickness.
- **Roller.** Electric roller machine. Capability Steel plates up to ½" thick and 72" wide.

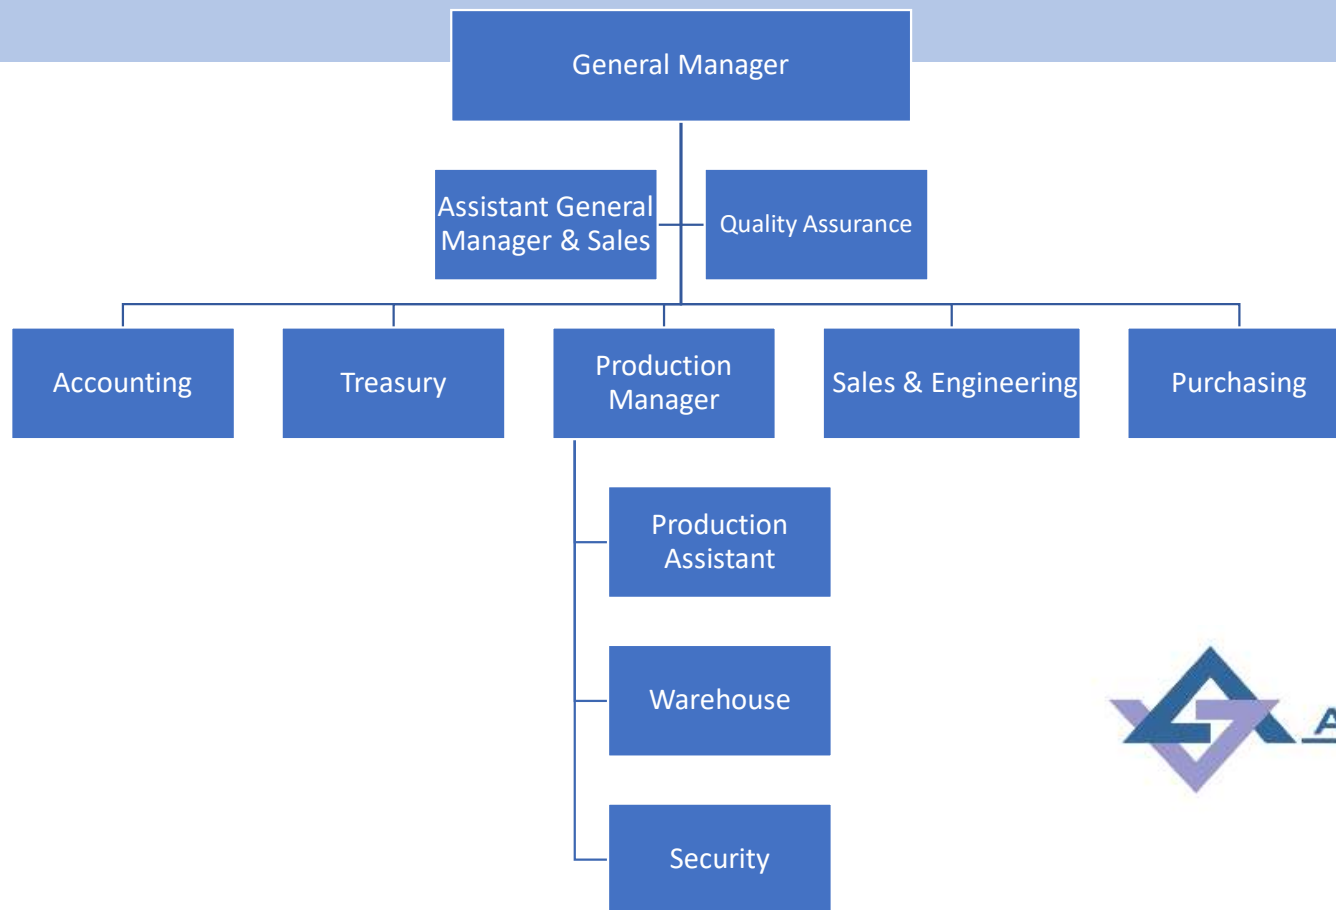

Our customers

- Altos Hornos de México SA de CV
- Atlatec, S.A. de C.V.
- Autotemplex, S.A. de C.V.
- Celulosa y Derivados, S.A.
- Cervecería Cuauhtémoc Moctezuma, S.A.
- Comisión Federal de Electricidad Nacional
- Conductores Monterrey, S.A.
- Degremont México, S.A.
- Esmacer, S.A. de C.V.
- F.L. Smith SA DE CV
- Ternium, S.A. de C.V.
- Industrias del Álcali, S.A.
- Industrias Químicas del Itsmo, S.A.
- AKRA Polyester SA de CV
- Petroleos Mexicanos
- Pigmentos y Óxidos, S.A.
- Praxair. S.A. de C.V.
- Vidriera Monterrey, S.A.
- Zinc Nacional, S.A.
